

# STANDARD RAL COLOUR FINISH CHART

## CREATING DESIGN-LED SOLUTIONS WITH THE USE OF COLOUR

All standard RAL colours colour finishes featured in this range are available at no additional cost. Any RAL colour finishes not featured in this range are available at a nominal charge. Contact us for more information.

All powder coating is carried out in house which includes a 3 stage pre-treatment to ensure maximum longevity, durability and quality of the finish.

Note: Ensure your monitor is correctly calibrated to ensure you're viewing an accurate representation of the true colour.

## LONDON UNDERGROUND ENGINEERING STANDARDS

All mailboxes that are polyester powder coated use powder that conforms to London Underground Engineering Standard 2-01001-002 for surface spread of flame.

## SALT SPRAY TESTING

As tested in ASTM B117, our standard polyester powder coated products are randomly salt spray tested to 1200 hours to ensure suitability of coatings to resist corrosion.
